Frankly speaking it is possible for you to fly without a mask, but the final decision is left for the personnel at the gate.

I understand.

Now, attached is a letter from my doctor.

For the United States government this is sufficient.

Please confirm that I can fly on your airline without a mask.

Thank you,

Aaron Abadi

Dear Sir,

thank you for your message.

I am writing to inform you that wearing a mask is mandatory during a flight. If there is a lack of possibility of you wearing a mask, you need to have a document stating that you have a disease what prevents you from doing that. What is more, it needs to be in accordance with a current ordinance introduced by the government.
